

DECK MOUNTED DRENCH HOSE & EYEWASH COMBINATION

MODEL NO: SE 927

The Speakman SE-927 Deck Mounted Drench Hose & Eyewash Combination provide great flexibility in laboratories and other industrial areas for flushing the eyes and body. All units come standard with a flexible hose making an ideal product for direct flushing on contaminated areas.

The SE-927 is a deck mounted drench hose/eyewash featuring twin aerated sprays and a 6' foot hose. The SE-927 also features a stay open valve allowing hands free operation once the eyewash has been activated. The SE-927 is ANSI/ISEA Z358.1 compliant.

FEATURES:

- Deck mounted installation
- Dual aerated spray heads
- Stay-open squeeze valve activation
- ANSI/ISEA Z358.1 certified eyewash
- 2.69 gpm at 30 psi

COMPLIANCE

- AS4775-2007
