

NEW PRODUCT RELEASE**INTRODUCING THE NEW
SE400
AERATED
EYE/FACE WASH
SYSTEM****NEXT GENERATION EMERGENCY EYEWASH PERFORMANCE**

PBA Safety is proud to introduce the new **SE400 Aerated Eye/Face Wash System** representing the next generation of emergency eye/face wash performance.

Developed to deliver improved flushing performance, greater durability and enhanced water efficiency, the SE400 complies with the requirements of AS 4775 - 2026 while maintaining the quality and reliability expected from PBA Safety.

The SE400 Eye/Face Wash System is now supplied as standard on selected PBA Safety emergency shower and eye/face wash models.

**OPTIMISED FLOW CONTROL**

Consistent flushing performance across varying supply pressures.

**OPTIMISED WATER USAGE**

Optimised **22L/min** flow rate for effective eye and face irrigation.

**PREMIUM STAINLESS STEEL CONSTRUCTION**

Built for durability in demanding environments.

**AUSTRALIAN MANUFACTURED**

Proudly 100% Australian manufactured with locally sourced materials & parts.
